Github Profile: https://github.com/JustenNicanor

To work in a dynamic professional environment with a growing organization and utilize my creativity and innovative thinking for benefit of the organization and myself.

EXPERIENCE

ACHIEVE WITHOUT BORDERS, INC.   **Aug - Oct 2023**

- Quality Assurance Intern - OJT 1
- Manual Testing of Odoo website.

HAYAKAWA ELECTRONICS (Phils.) Corp.   **Aug - Sept 2024**

- Website Developer - OJT 2
- Developed a Material Monitoring System (MMS), a local website using XAMPP and PHP, to help Hayakawa workers easily monitor their materials. The system automatically saves changes when materials are added or reduced.
- Created an Andon Monitoring System, a local website with three portals for Operators, Technicians, and Admins. It enables Operators to quickly request assistance from Technicians and allows Admins to easily monitor machine downtimes through an Andon locator map.
- Built a Queueing System, a local website that promotes Agile methodology by helping organize and manage tasks efficiently.
- Developed a JIG Commitment Monitoring System, a local website calendar that helps notify workers about special events. It also includes sections for Important Notes and an Employee Project Board.
